

Water Out of Sunlight

Only this moment,
Is there
Only this moment, this
One moment,
Only this

Breath? If you,
Breathe softly,
Listen, there is only this moment.
Always, only this,
Here, now.

How rest
In this given, rest, rest in
This moment, only this moment given?
How offer its
Smallness, only

In this,
One moment?
For there is only this
In which to be,
Only this

Moment,
Here now,
One breath in which to rest
Only this moment,
Only this.
